

Boston Properties is teaming up with the **Rescue Mission of Trenton**, a locally based charity who serve needy men and women who have no place to turn for shelter, food, and clothing. Besides every day needs, the Rescue Mission also provides its clients job skill training, GED tutoring, and job search training & support. In a typical year, the Rescue Mission will provide over 57,000 bed nights and 125,000 meals in their emergency shelter, and distribute over 6,800 items of clothing. Needless to say, the Rescue Mission of Trenton is doing a fantastic job helping the area's neediest.
